# **Preface**

by Orlando, Chester and Majestic of Brainstorm

Again a new issue and again hard work had to be done. But we didn't fail. And we hope, that you enjoy our mag. This time we made a bit more order in the directory, so now you can better find your desired articles. As always, if you have any comments or contributions for our mag don't hesitate to write. Now after two issues I'll stop producing ZINE and I'll make other things. By the way I'll keep on writing articles.

Next time, Zine will be again published by The Acc üsed. Now he's finally finished his military service. And is BACK in the Amiga Scene. Perhaps he will enhance the Zine code and perhaps also the design will be changed a bit...

Now lean back and enjoy my lyrics :

You never take the easy way.

The wind is blowing straight

Into your face.

You never ever close your eyes

For any trouble

That may cross your way.

There's no risk

That you're not taking.

Not a demo that's too good

For YOU.

Spread your disks,

You're gonna make it

To the BEST time of your life.

Don't stop at the top !

Feel the power, feel BRAINSTORM,

Before you drop...

We hope, that you all enjoy this issue of Zine.
