Note: This is sort of fun interview

**Magic:**

**Hi there Fashion & Pride. Can you tell me something about yourselves ...**

Fashion:

I am 23 years of age and I am a graphician in STB.

Pride: Hello I'm 22 years of age, and I'm a swapper in Movement for 4 hours.

**Magic:**

**Ok, we are sitting here at the party 3 in Herning, what do you think about it till now ?**

Fashion:

Up to now it's really great. The gfx-compo was very hard to decide as there were many high quality pictures. The hall and facilities are very good, so I get to the conclusion, that this party really is the best hold so far.

Pride:

I think it is great, coz I met so many of my Friends. The hall and facilities are really good. One bad thing could be the screen, It was hard to see the pictures right/ But all in all a really good party.

**Magic:**

**What do you think about racism in the scene ?**

Fashion:

If I see those anti-racism demos, I have got a split opinion. On the

1 hand it is great to see that people are acting against racists, but now most demos are just made to advertise the groups.

Pride:

I don't like racism at all !!!

**Magic:**

**Ok, that was a hard question, a simple one coming up, are you planning to release something here, and what are your future productions going to be like?**

Fashion:

Of course, the new Eurochart will be ready, with a very new design. Afterwards, I will draw the graphics for Cutcreators new musicdisk.

And I also start to raytrace Animation for companies to be used at the local TV stations ...

Pride:

We have planned two intros, and we planned an aga trackmo but it will not be finished in time, so it will properly be released sometime afterwards. (and than, I plan to kick Fashion's ass, bcoz he is a old Motherf\*\*\*\*\*ker)

**Magic:**

**What's your comments on:**

**- AGA:**

Fashion:

(... after being chased one hour though the building) THE FUTURE, THE PRESENT, but definitely not the past.

Pride:

the future is here

**- Dutch scene:**

Fashion:

not that good, because there are too few releases and good coders.

Pride:

Movement and Lemon. - this is Dutch scene.

**- Polish scene:**

Fashion:

I like those old demos from Alchemy and Deform, but recently the scene there seems to be too unstable, many small and bad designed gfx, demos and musics were released there. Much to work on.

Pride:

I think, that the Polish scene is here to stay. Only a few good releases from Poland, but I think, they will be good some day.

**- Facet:**

Fashion:

He said that he is not the best gfxer. He is right !!!

Pride:

Shut up Fashion. He's the best and a nice person.

Fashion:

I have heard different things from Pride (5 hours ago)

**Magic:**

**Ok, I will end this interview (on with the party). Any last things to say?**

Fashion:

To Movement. You should kick Pride (NOT !!!!!!!!) He's a very nice person indeed (and chasing me ...aaaaarg....).

Pride:

I Wish, I could say the same thing about Fashion... I wish the rest of Lemon. all the best in the future and thank to the guys in Movement for letting me in. And "Hi" to all my friends, I met here at the party (not Fashion ... joke).
