Zine #5 - 72 - Epilogue

Chester, Orlando, Majestic, Sat 10 Oct 2009

Epilogue

by Chester, Orlando, Majestic of Brainstorm

For the fifth time we hope that you have enjoyed this brilliant magaZINE.

This time we wanted to design the articles better, as you can see. Bugs were deleted, hard work for us, you know! The directory was also now better designed. In a few days the Acc üsed, the coder of ZINE, is coming back from his military-service. Perhaps he will do something new for the 6th issue of ZINE. So, if this magaZINE is going to be once more better, the standard for the articles has to grow up, too. And that's your turn. Try to write only in English, because many guys wrote to us that they do not understand German language. Do not write articles with a lot of advertising for your group, you'll become your credits for your article at the end of it. And do not forget, you will also get a free advertisement for writing any kind of article for ZINE.

You have to wait now, wait for the 6th issue of our mag. It will be released in August 1990, as always with the newest news from the AMIGA - scene and all the rest happening in this world.

Don't stop at the top...
