## ArtWaY Group news

\* We will be celebrating our 25th anniversary at the very end of Dec 2018. And as usual we would like to say hello to all active AMiGA demosceners.

## Group news

Depth Turns 25 this summer, internal celebration is to be expected, as the group was founded in August 1993 by Curt Cool, Gizmoduck, Folcka, Quedax and Nightsight.

Actual memberlist: (May 2018)

Curt Cool - music, organizer (AMIGA)

Skurk - code (AMIGA)

Cytron - music (AMIGA)

The Hardliner - music (AMIGA)

Presence - code (AMIGA)

Bakerman - keeping depth.org online

Allanon - norway

Rest is in sleep mode, but may write a scroller or two for any pending 25 year jubilee releases. Also a few of us are engaged in creating various aspects of computer games (hund., Trip, Folcka).

And ... We could really use some GRAPHICIANS and maybe some more CODERS as well (so write to -email- with examples if you're interested, motivated and think you are mad enough to be a Depth member - for instance, maybe you constantly invite Swedish girls for a trip to K øge Bugt in your DIY submarine).
