Survey of Rebb

Job: musician

Survey submitted: Mon 25 Jun 2007 - 15:45:47

Handle, ex-handle(s):

Rebb

Name, birthday, origin:

Teemu Pohjanlehto , 12.12.1977, Finland

Group, ex-group(s):

Paradise^TRSi // many ex. groups

What was your first group, your role in that group and what did that group produce?:

First REAL group must be Grace. I was a swapper back then.

What motivates you to spend time on the scene?:

Good friends

What is your favorite color?:

Amiga beige

On what platform(s) did you begin your computing journey, and when was this?:

Amiga, xmas 1990

What platform(s) do you use now?:

Still on Amiga and mp3 stuff done on Mac.

Page 2/3

What is/are your favorite piece(s) of music(s) - from a demo production or a scener (released outside of a demo)?:

Stuff from Groo, Heatbeat, Dizzy, Dr.Awesome, 4-mat and many more... If I had to pick few songs: Groo - Pophuora, 4-Mat - Zapped out and Scrambled mind - Heatbeat.

What music program are you using the most to express yourself? Why?:

Renoise on Mac because the tracker roots it got. Still using mostly samples but vst effects surely got used sometimes. On Amiga Protracker and AHX are my weapon of choice. Trying to learn Future Composer too (Heya Stingray)

Which composer, artist or group of the real life did inspire you most?:

Jarre and Kraftwerk as usual One of my best moments was Kraftwerk gig in Helsinki some years ago.

Do you play any instrument? Which?:

Guitar

Which project that you worked on was the most exciting and interesting for you? And why?:

Bloody Memories 2.01 by TRSi, my first full project. Did all that you can hear during that demo. And Speed issue in '98 (can't remember which one): my first tune that was used somewhere, thanks to blaze for that!

What is your favorite demo, intro, megademo, retrogame, slideshow, musicdisk, diskmag, wilddemo?:

Way too many! But some MAYBE not so known ones i happen to like:

Black robes - Cult (preview) , For the music Amaze - Revolutions , Still for the musics

What percentage of modern demos are 3d flybys?:

too many

What percentage of older demos are the same effects recycled?:

enough

What platform(s) needs more demos?:

Amiga (Especially OCS)

Which parties do you intend to go to, and which parties would you like to go to? lease describe your personal experiences with your most favourite or impressive party you have ever been at.:

Evoke and Assembly this year. Breakpoint 06 was my first party for many years (Motorola inside '98), so it was really nice to meet some old contacts from my swapping times.

What are your dreams/goals in life, did scene help you and have you achieved them yet?:
